eFax
Fax over IP

The best of both worlds: traditional fax capabilities integrated with the email accounts your business is using everyday. So you can save on cost and save on time.

Fax over email

Route incoming faxes directly to as many email addresses as you need.

only
$13.95
per month

Why eFAX?

✓ **Cost-Effective**
With none of the new hardware or installation costs of traditional fax systems, IP Fax systems leverage your existing internet connection & save you money.

✓ **Dynamic Features**
Robust features enable your business to evolve with new technological capabilities, so you can cover the basics and expand your collaborative capabilities.
